

HEALTH & SAFETY, ENVIRONMENT AND QUALITY POLICY

It is the stated policy of Intergaz Ltd to;

- a) Satisfy the requirements of our customers**
- b) Implement measures to prevent accidents and damage to the environment.**
- c) Comply with the Cyprus and European Law**
- d) Continually improve our processes and systems**

This can only be achieved by operating a comprehensive, coordinated system which assures the quality and safety of services offered by our organisation.

Our system is designed to meet the requirements of ISO 9001, ISO14001, 45001 latest editions and will be implemented throughout the whole organisation to embrace all of the activities which impact upon our services.

Top Management will ensure that our company can fulfil its obligations by:

- a) Ensuring that all activities, which directly affect our business, are carried out under controlled conditions.
- b) Continuous monitoring and analysis to facilitate continual improvement
- c) Documented Objectives.
- d) Regular planned reviews of the Management System.
- e) Providing up to date technical documentation and operating procedures to all suitably qualified personnel.

All employees are aware of the importance of achieving this policy which will itself be reviewed periodically to ensure its continued suitability and applicability. Policy changes will be re-implemented within the organisation as required.

Top Management will ensure that this policy is communicated, understood and implemented at all levels in the organisation and will be made available to any interested party upon request.

The Company maintains three (3) distinctive policies regarding Quality, Health & Safety at work and a policy for the Control and Prevention of Major-Accident Hazards
